ASSURANCE STATEMENTS

- 1) Professionally acceptable standards governing the care, treatment, and use of animals, including appropriate use of anesthetic, analgesic, and tranquilizing drugs, prior to, during, and following actual research, teaching, testing, surgery, or experimentation were followed by this research facility.
 - 2) Each principal investigator has considered alternatives to painful procedures.
 - 3) This facility is adhering to the standards and regulations under the Act, and it has required that exceptions to the standards and regulations be specified and explained by the principal investigator and approved by the Institutional Animal Care and Use Committee (IACUC). A summary of all the exceptions is attached to this annual report. In addition to identifying the IACUC-approved exceptions, this summary includes a brief explanation of the exceptions, as well as the species and number of animals affected.
 - 4) The attending veterinarian for this research facility has appropriate authority to ensure the provision of adequate veterinary care and to oversee the adequacy of other aspects of animal care and use.

Fort Collins, CO 80526

Nov. 14, 2006

Dear Mr. Gibbens,

The following information was provided to you as a cover letter to our 2005 annual report. Since our status remains the same, I am again submitting this explanation to you.

I am [redacted]
[redacted]

Enclosed you will find the annual report for Oklahoma State University-Oklahoma City, Dept. of Veterinary Technology. You may notice that we are still submitting a "negative report" in that we used no reportable animals this year. Our Animal Care Inspector for this region is Dr. Nancy Ellifrit. She mentioned that this might be noticed in your office and suggested that I enclose this letter of explanation.

Our facility neither owns nor houses the animals we use for teaching purposes. We have partnerships with facilities in our area which allow us to utilize their animals for teaching purposes. A list of the aforementioned facilities is enclosed. After careful evaluation of the status of our partner facilities, Dr. Ellifrit determined that the animals we are using in our teaching are all actually privately owned. Additionally, because we partner with our parent institution, OSU in Stillwater, and the Univ. of Oklahoma, the animals owned by those two facilities are being accounted for on their annual reports.

Thus there are no animals to report this year.

We would like to remain registered however. We are an accredited veterinary technology program and our accrediting body, the American Veterinary Medical Association (AVMA) prefers that we are registered.

If you would like to discuss this report with me, please feel free to do so.

Sincerely,
[redacted]

NOV 20 2006

This report is required by law (7 USC 2143). Failure to report according to the regulations can result in an order to cease and desist and to be subject to penalties as provided for in Section 2150.

9. Non-Human Primates	0	0	0	0	0
10. Sheep	0	0	0	0	0
11. Pigs	0	0	0	0	0
12. Other Farm Animals	0	0	0	0	0
13. Other Animals	0	0	0	0	0

ASSURANCE STATEMENTS

- 1) Professionally acceptable standards governing the care, treatment, and use of animals, including appropriate use of anesthetic, analgesic, and tranquilizing drugs, prior to, during, and following actual research, teaching, testing, surgery, or experimentation were followed by this research facility.
- 2) Each principal investigator has considered alternatives to painful procedures.
- 3) This facility is adhering to the standards and regulations under the Act, and it has required that exceptions to the standards and regulations be specified and explained by the principal investigator and approved by the Institutional Animal Care and Use Committee (IACUC). A summary of all the exceptions is attached to this annual report. In addition to identifying the IACUC-approved exceptions, this summary includes a brief explanation of the exceptions, as well as the species and number of animals affected.
- 4) The attending veterinarian for this research facility has appropriate authority to ensure the provision of adequate veterinary care and to oversee the adequacy of other aspects of animal care and use.

ASSURANCE STATEMENTS

- 1) Professionally acceptable standards governing the care, treatment, and use of animals, including appropriate use of anesthetic, analgesic, and tranquilizing drugs, prior to, during, and following actual research, teaching, testing, surgery, or experimentation were followed by this research facility.
 - 2) Each principal investigator has considered alternatives to painful procedures.
 - 3) This facility is adhering to the standards and regulations under the Act, and it has required that exceptions to the standards and regulations be specified and explained by the principal investigator and approved by the Institutional Animal Care and Use Committee (IACUC). A summary of all the exceptions is attached to this annual report. In addition to identifying the IACUC-approved exceptions, this summary includes a brief explanation of the exceptions, as well as the species and number of animals affected.
 - 4) The attending veterinarian for this research facility has appropriate authority to ensure the provision of adequate veterinary care and to oversee the adequacy of other aspects of animal care and use.
