REPORT OF ANIMALS UPON THE JESUITIC

ASSURANCE STATEMENT

- 1) Professionally acceptable standards of care and treatment** shall be maintained at all times. The attending physician shall use or administer, if appropriate, use of anesthetic, analgesic, and tranquilizing drugs, prior to, during, and following surgery, to reduce the risk of complications and pain associated with the procedure. The attending physician shall be responsible for the provision of adequate veterinary care and to oversee the adequacy of other aspects of medical care.

2) Each principal investigator shall be responsible for the conduct of his/her research project and shall be available to respond to any questions concerning the conduct of the research project.

3) This facility is authorized to conduct animal experiments involving the use of live animals. The principal investigator and/or approving authority, under addition to identifying the DDC project number, shall attach a statement indicating the specific exception(s) to the standards and regulations as specified and explained by the Animal Welfare Act (AWA). A summary of all the exceptions is attached to this annual report. In this section, include a brief outline (or of the exceptions, as well as the species and number of animals affected.

4) The attending physician shall be responsible for the conduct of the medical care of the animals used in this research facility.

5. Cats	Planned to cover letter.			
6. Guinea Pigs				
7. Hamsters				
8. Rabbits				
9. Non-Human Primates				
10. Sheep				
11. Pigs				
12. Other Farm Animals				
13. Other Animals				

ASSURANCE STATEMENTS

- Professionally acceptable standards known to be in existence, and in actual use, including suitable use of anesthetic, analgesic, and tranquilizing drugs, prior to, during, and following actual research, teaching, testing, surgery, or experimentation was followed by this research facility.
- Each principal investigator can identify the following specific procedures.
- This facility is adhering to the standards and regulations in this document, and it is required that exceptions to the standards and regulations be specified and explained by the principal investigator and approved by the Institutional Animal Care and Use Committee (IACUC). A summary of all the exceptions is attached to this annual report. In addition to identifying the IACUC-approved exceptions, this summary includes a brief explanation of the exceptions, as well as the species and number of animals affected.
- The attending veterinarian for this research facility has adequate authority to insure the provision of adequate veterinary care and to oversee the adequacy of other aspects of animal care and use.
